

Paradise Protector's Pledge Guidelines

[CLICK HERE TO GET THE PLEDGE](#)

What is the pledge? The Paradise Protector's Pledge is a citizen's commitment to hold our elected officials accountable if they do not support the core environmental initiatives we are advocating for at [Reclaiming Florida's Future for All!](#)

What is Reclaiming Florida's Future for All? This is a state-wide day of advocacy in Tallahassee on March 22nd, 2017. Environmental advocates from around Florida will united in Tallahassee to meet with elected officials to demand that they support legislation that will ban fracking in Florida, support renewable energy, and protect all Florida waters.

How can I participate? There may be transportation available from your area! You can RSVP at <http://tinyurl.com/RFF2017RSVP>

What is the pledge's purpose? All completed pledges will be hand delivered directly to the Representative and Senator for the district you live in. Each pledge will serve as evidence of a vote that could be lost if they do not vote to protect our fragile paradise. [CLICK HERE FOR SUPPORTED BILLS](#)

How can I find out who my elected officials are? You can find your elected officials and district numbers online at www.tinyurl.com/FindMyFLRep. You can also get the phone numbers sent to your mobile device by texting your Zip Code to (520) 200 – 2223.

Who can sign and/or collect pledges? Any Floridian can take the pledge and circulate the pledge – in fact it is encouraged! We need all hands on deck to send a powerful message to our elected officials!

How do I submit? Pledges can be completed online via fillable PDF, or printed and completed on paper.

Please email completed pledges to coordinator@urban-paradise.org – if possible.

If you cannot scan and send electronically, mail a hard copy directly to the offices of [your Florida Senator and Representative](#).

NOTE: Be sure to make two copies so you can send a copy to each of your elected officials!

What if I don't live in Florida? If you are either not a Floridian or travel a lot within the state, you can also sign our Tourist's petition to protect Florida. [CLICK HERE](#)

Are there other ways I can help? Visit our [10 ACTIONS PAGE](#) for a list of actions you can take to support the event!
