As part of **EmERGE Miami** and **Urban Paradise Guild's** "Miami Trees" program with the City of Miami's Department of Planning and Zoning-Environmental Resources, I would like to request 1 (one) City recommended tree to be planted in the right-of-way (swale) at the address below.

I agree that **EmERGE Miami** and **Urban Paradise Guild** will provide my proposal to the City in its collective "Shady Trees" package for the City of Miami. I understand that the City of Miami-Department of Planning and Zoning has the ultimate choice of planting "the right tree in the right space."

I have attached 2 (two) photographs of the right-of-way in front of my property indicating where I wish the tree to be planted and a photograph taken from across the street indicating if there are any power lines above the swale.

What is the width of the swale, measured in inches from the street to the side-walk? \_\_\_\_\_

Is there is a utility line above your swale? This is used to determine the proper tree. YES \_\_\_\_\_ NO \_\_\_\_\_.

Address: \_\_\_\_\_
